Patient-centered support from clinic selection to 24/7 assistance

Operating in Kyrgyzstan since 2019

Kyrgyzstan: market context

7.34M
population, 2025

$22.62B
GDP, 2025

11.1%
GDP growth, 2025

- Kyrgyzstan is a relatively small and open economy in Central Asia, with services playing a major role in economic activity.
- For international healthcare journeys, patients benefit from a trusted coordinator who can bridge language, logistics and clinical communication.
- Life Tour KG provides that bridge between patients in Kyrgyzstan and healthcare providers in South Korea.

Company information: provided Life Tour KG source file. Web context: World Bank / Medical Korea.

Life Tour KG

• Operating in Kyrgyzstan since 2019.

• Selects diagnostic programs based on each patient's needs.

• Arranges appointments with leading specialists and coordinates communication with South Korean clinics.

• Patients come from Kyrgyzstan, Kazakhstan, Russia and other countries.

• Director **Zhyldyz Musakhodzhaeva** has worked in organizing treatment in South Korean clinics since 2017.

The patient journey with Life Tour KG

One coordinated process — from the first inquiry to ongoing support

01

Inquiry

Value proposition

A local partner for patients, clinics and international partners

For patients

- One point of coordination
- Less administrative burden
- Russian-Kyrgyz-English-languages support
- Guidance before and during travel

For clinics

- Access to patients from Central Asia and Russia
- Local coordination in Kyrgyzstan
- Appointment and logistics support
- Clear patient communication

For partners

- A platform for joint development
- Kyrgyzstan ↔ South Korea connection
- Open to new clinics and partnerships

Life Tour

Next stage of growth

Expanding international medical partnerships from Central Asia

- Strengthen the flow of patients from Kyrgyzstan and neighboring countries to South Korea.
- Expand the network of partner clinics and specialists.
- Develop an integrated service covering diagnostics, treatment, logistics and patient support.
- Build long-term relationships with patients, clinics and new partners.
- Life Tour KG is open to cooperation with new clinics and international partners.
