Vernal Company is a leader in medical tourism since 2009;

The medical tourism company "Vernal" is one of the leading companies in organizing comfortable health improvement, high-quality diagnostics, treatment and rehabilitation of Russian and foreign citizens in the best medical centers of Asia.

Founded in 2005 in Vladivostok, the company was part of a large financial holding, engaged exclusively in corporate and health tourism. In 2009, the company changed its development strategy and began to engage in medical tourism.

Vernal in numbers

1	15	1,640,000	more than 17,000	more than 100	more than 11,000
First specialized medical agency in Russia	*years of experience in working with patients*	*Received consultations from foreign professors*	*Organized trips*	*Korean and Chinese clinics*	*Doctors with whom we cooperate*

Partner clinics in Korea 2009-2025:

We are experts in the medicine of South Korea and China, because we annually inspect each clinic that we recommend and know all the leading doctors of these clinics.

The company employs process managers with more than 8 years of experience.
